Angelo Pama Lacsao

FOURTH-YEAR BSIT STUDENT | IT SUPPORT | FULL-STACK DEVELOPMENT

Sipalay City, Philippines | angelopamalacsao@gmail.com

PROFESSIONAL SUMMARY

I am a fourth-year BSIT student with practical experience in full-stack development, UI/UX implementation, AI-assisted workflows, and IT hardware support. My customer-facing retail experience supports a patient, service-oriented approach to troubleshooting. I am open to internships and entry-level opportunities in IT support, development, and workflow automation.

SKILLS

IT SUPPORT
Help Desk Concepts, Remote Troubleshooting, Technical Problem Solving, and IT Hardware Support.

CUSTOMER SERVICE
Customer Service, End-user Communication, Issue Documentation, and Critical Thinking.

ARTIFICIAL INTELLIGENCE
Generative AI, Prompt Engineering, AI-Assisted Writing, AI Models and Tools, AI Tool Evaluation, Business Productivity, and Content Generation.

EXPERIENCE & LEADERSHIP

President, Computer Student Society Organization — Aug 2025 - Jul 2026

Sales Staff, Agustin Lacsao — Mar 2021 - Dec 2022

Supported daily retail operations and frontline customer service. Increased monthly sales by approximately 15% through targeted upselling and product placement.

Managed inventory and supplier orders, processed POS transactions, and completed daily cash reconciliation.

SELECTED PROJECT

PESO Kabankalan Employment System — Capstone project

I developed a full-stack employment platform connecting job seekers, employers, and PESO personnel. My contributions covered system architecture, infrastructure, frontend and backend functionality, and UI/UX implementation.
